Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Ask those who have drunk Shivar water what it has done for them you will order it from us. J. L. Walker & Co.

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It"

Use "Gets-It" and Dance, Even with Corns. removes it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "backpack" handkerchiefs or rollers for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns. "Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill. Sold in Columbus and recommended as the world's best corn remedy by Johnston & Caine and J. W. Jones.

Ministers Assigned By The Conference

North Mississippi Methodists Adjourn at Aberdeen.

Aberdeen, Miss., Nov. 24.—The final legislation of the 50th annual session of the North Mississippi Conference, Methodist Episcopal Church, which has been in session here for the past week, embraced an extra session today, adjourning late tonight. The 1920 session will go to Charleston upon invitation of Rev. John T. Lewis and citizens.

Rev. A. C. McCorkle was appointed campaign manager for the superannuate endowment fund of the conference, and will enter upon this newly created department of work at once.

The board of missions precipitated a lively debate upon the conference floor by recommending in its report that the attitude of the conference toward the new "inter-church world movement" be sympathetic and helpful, and that two members of this body be sent as representatives to a convention called by this organization to meet soon in Jackson, Miss.

Those favoring the recommendation in speeches were Revs. B. P. Jaco, E. Nash Broyles, James T. McCafferty, C. D. McGehee, E. S. Lewis, J. R. Countiss, Hon. Geo. J. Leftwich.

Among the reasons assigned for affiliating with the organization to this extent, were that its survey would be the means of much valuable information, that the conference would by no means be committing itself to send representatives and that a fraternal relation according to Methodist ideals would be thus encouraged. Those opposing the measure were: R. A. Meek, O. W. Bradley, W. L. Duren, W. W. Mitchell, John Ritchie, J. H. Felts, and T. H. Lipscomb.

It was argued that if the conference should send representatives to that convention, it would, by virtue of such action, be affiliated with the state organization and that Methodists had a vast field that they could easily cultivate and that religion could not be reduced to a "card index system." A vote was taken and the amendment to eliminate that portion which recommended sending delegates prevailed and the conference went on record as having no connection with the interchurch world movement.

Bishop Expresses Himself. After the discussion and after the vote the bishop took occasion to express himself freely concerning the movement, advising that the college of bishops had already decided that the M. E. Church, South, could not fraternize with this organization.

The bishop cited the disciplinary question of quarterly conferences. "Is there a written report from the preacher in charge concerning the spiritual state of the church?" to show that every Methodist congregation was called upon every quarter to make its own survey and that no outside organization was invited to make any kind of survey of the church. "If all the money that the Methodist contribute to agencies outside of the Methodist church could be commanded today, I would build every dormitory, endow every college, build every church, clothe every orphan and support every old superannuated preacher. Instead of doing these worthy things you are sometimes turning our orphans out in the street without a morsel," the bishop declared.

Continuing his remarks, the bishop said: "Our church has declined to connect itself with this organization. To me it looks as if these immense sums of money are coming from the foundations of Carnegie or Rockefeller and if it is, it is deistic. Let us mind our own business of caring for the interests committed to our care and try to save the world."

A special collection to raise \$4,000

for Millsaps College in each of the two Mississippi Conferences was announced and a subscription covering about \$1,000 was taken. An advisory board, consisting of one laymen for each district, was constituted, as follows: Walter Rogers, New Albany; W. E. Stokes, Macon; R. E. Wilbourne, Lexington; J. G. McGowan, Water Valley; Herbert Holmes, Senatobia; H. L. Wilkinson, Cleveland; Geo. Stokely, Drew; W. T. Reeves, Tupelo.

Various boards submitted their reports, which were adopted. Announcement of the meeting of the efficiency conference to meet in Grenada early in June was made.

Ministers Appointed. The assignment of the ministers for the following year was read by the bishop, after which the conference adjourned with prayer.
